

Ed dreamed of reaching the stars, but what do you dream of? It's the beginning of the school-year, and the perfect time for thinking about our hopes and dreams. What do we want to accomplish this year, and how will that lend itself to our bigger, long-term dreams. Describe your year's goals, and why they are important to you in the stars below. Write your more important goals in the bigger stars, and the most important one in the shooting star. Try to come up with at least two personal and two academic goals.
